

## Prep School trip to Elsamere

A sumptuous lunch was our welcome on arrival...Elsamere serves good meals.

Did you know that Colobus monkeys are born all white?

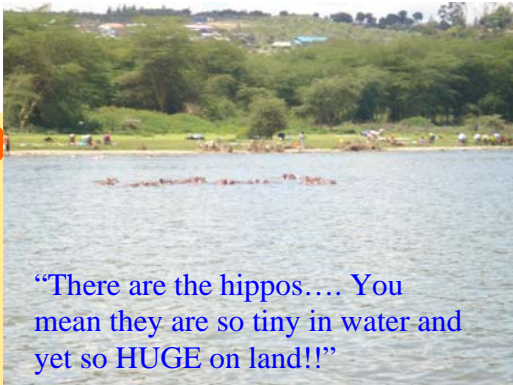

After a lot of activity, a little rest or a game of dodge ball or a chat with parents was always welcome!

“Oops! Is this going to be scary? Wow it’s fun after all...row, row, row your boat...”

An early morning walk on the nature trail was a good test of ‘who is the fittest of them all?’

“There are the hippos.... You mean they are so tiny in water and yet so HUGE on land!!”

Are those flamingoes or pelicans??

“It’s okay miss...you can leave us here at the lake....eh...Ole...what??”  
Lake Oledien is a salty water lake about 3km away from Lake Naivasha which is a fresh water lake!
